## Justice Katakay visits EJH to check illegal coal mining

By Our Reporter

SHILLONG, Nov 7: Justice (retired) BP Katakay travelled to East Jaintia Hills on Tuesday to look into claims that coal was being illegally extracted in the district.

He visited the district for inspection following reports of illegal coal mining there. Judge Katakay announced that he would meet in Shillong on Wednesday and then present his findings to the High Court of Meghalaya.

Judge Katakay was appointed by the high court to supervise the removal of coal that had previously been mined unlawfully and to keep an eye on the state government's actions to guarantee that the prohibitions against coal mining that have been imposed by the Supreme Court and the National Green Tribunal are being adhered to.

## ASHAs to launch indefinite stir

By Our Reporter

SHILLONG, Nov 7: The Meghalaya ASHA Workers' Union (MAWU) on Tuesday decided to launch an indefinite strike in response to Health Minister Ampareen Lyngdoh's failure to accede to their demand to increase their monthly honorarium.

MAWU president, Mirajune Myrsing told reporters that the minister had stated during their meeting with Chief Minister Conrad K Sangma that the ASHAs

# Meghalaya demands special power package from PM

From Our Special Correspondent

NEW DELHI, Nov 7: Power Minister AT Mondal has asked the Prime Minister for a special package to help power-starved Meghalaya develop renewable energy, similar to what has been provided to Arunachal Pradesh and Ladakh.

Speaking during the state power ministers' conference here on Tuesday, Mondal stated that Meghalaya has enormous potential to produce hydropower in all large, medium, and small power projects, just like Arunachal Pradesh and Ladakh do.

About Rs 550 crore were allocated under the PM's special package to solar power and small hydro power projects in Arunachal Pradesh in order to electrify and brighten villages.

In an effort to improve the state's power situation, the Meghalaya gov-

ernment has also inked memorandums of understanding (MoUs) with the state-owned NTPC Limited, according to Mondal. He stated that the completion of this crucial project, which may give the hill state enormous strength, required the assistance of the Centre.

According to the minister, the Centre should offer financial packages and technical assistance to carry out this enormous project successfully.

Mondal also said that Shillong should become the home of the Ad Research and Development Institute for the whole Northeastern area. "This will be helpful given the particular geographic and climatic challenges faced by the Northeast states," he said.

Additionally, he insisted on the revival of the Off-Grid SPV Power Plants under the "RESCO" Model for the Northeastern states, which expired in 2021.

He went on to say that a number of other renewable energy projects for the Northeast that had been shelved for a while ought to be given new life.

Mondal noted that Meghalaya had initiated the Chief Minister's Solar Mission on its own. He further stated that the Centre's roof-top scheme subsidies ought to be extended to other regions. He argued that the funding subsidies for minor hydropower projects had to be reinstated in a similar manner.

Power Portfolio Management Services (PMS) for Meghalaya, the establishment of Pump Storage Power Plants (PSPs), and the execution of floating solar projects inside the state are all covered under agreements between the state's Power Department and NTPC Limited. It was a major step forward in the joint efforts to improve the state's power infrastructure and connectivity.

## MPCC to filter leaders who want to rejoin

By Our Reporter

SHILLONG, Nov 7: Many of its former leaders and members are seeking a 'ghar wasi' but the Meghalaya Pradesh Congress Committee (MPCC) is "not keen" on welcoming many of them back.

"A lot of people want to come back to the congress but we cannot simply accept anyone and everyone because we have certain procedures," Congress Legislature Party leader, Ronnie V Lyngdoh said on Tuesday.

Recently, AICC secretary in charge of Meghalaya, Manish Chattrath claimed that some former Congress leaders in the state were in touch with him for returning to the party.

Lyngdoh said anyone who rejoins Congress has to start all over again as a primary member of the party.

"People have realised now ours is the oldest national party in the country and in politics, we go up and down. The party which has lasted so long cannot just vanish and realising this, the people want to come back," he said.

On the Manipur situation, he said Prime Minister Narendra Modi did not find time to appeal for peace and calm and this showed the BJP does not care for the Northeast much.

Congress, on the other hand, pays attention to even the smallest of states in the region and recognises and respects the languages, cultures, ways of life, and diversity.

## NEHU AC nod to first semester calendar under four-year prog

By Our Reporter

SHILLONG, Nov 7: The NEHU Academic Council (AC) adopted the PG course academic calendar on Tuesday. Concurrently, the AC tasked the principals of the various affiliated colleges with convening a meeting with the faculty to discuss the proposed academic calendar for undergraduate courses 2023-24.

Following the meeting, JAC chairman Lakhon Kma told media that the calendar for the first semester of the four-year undergraduate programme (FYUP) had been finalised.

"However, the AC requested that the principal reassure the college teachers of their support for the planned academic timetable. We have observed that principals and college teachers have differing perspectives regarding how the NEP should be implemented," Kma stated.

He claims that they made this choice in order to prevent any misunderstandings.

He stated that Vice Chancellor Prabha Shankar Shukla has been asked by the AC to call a meeting of college principals to share the news about their discussions with individual teachers over the proposed academic calendar.

He stated that it is possible that college teachers, particularly those who are part of the MCTA, would like to see the first semester of the FYUP's academic session prolonged in order to give them more time to finish their courses.

"It is just my assumption at this point. However, there's also a chance that the MCTA members will support the suggested calendar," he stated.

According to the proposed academic calendar for the first semester of FYUP, the practical exam will start on February 5 and run until February 10.

The theory test is scheduled to start on February 12 and go until February 24. The results of the first semester exam will be released on March 30, and classes for the second semester will start on February 26.

Kma has since informed us that the AC has also decided that the departments in question would first determine what kind of model paper is required for their particular subject.

He also disclosed that the model document that the various departments had produced will be presented to the Board of Studies, the School Board, and ultimately the AC for approval.

## JAC says VC has no power to appoint anyone on his own

By Our Reporter

SHILLONG, Nov 7: The Joint Action Committee (JAC), comprising NEHU-ATA, NEHUSU and NEH-UNSA, on Tuesday claimed the Vice Chancellor (VC) of the North-Eastern Hill University (NEHU) has no power to appoint anyone in the university on his own.

JAC chairman, Lakhon Kma told reporters they will expose with documentary evidence how the VC, Prof Prabha Shankar Shukla lied by providing half-baked information to defend the alleged illegal appointment of technical officer senior consultant, Rohit Prasad.

According to Kma, the VC did not abide by the UGC Model CRR (Cadre Recruitment Rules) which is a very serious matter.

The JAC chairman claimed the appointment of Prasad is not backed by any statutory provisions of NEHU and is a blatant violation of the Model CRR.

Kma said the only special mode of appointment as per Statute 21 (a) and (b) of NEHU

## LO blames govt for lack of oversight

## UDP, HSPDP reorganise alliance

47<sup>TH</sup> 100 DRUMS WANGALA FESTIVAL 2023

## JAC says VC has no power...

**(Contd from P-1)** states that notwithstanding anything containing in Statute 20, the Executive Council (EC) may invite a person of high academic distinction and professional attainment to accept a post of Professor or Reader or any other academic post in the university as the case may be on such term and condition as it deem fit and the person agrees for appointment to the post.

According to Kma, the power for such appointment is specific to a teaching post and not to a non-teaching post. "In the entire Statute and Act of the university, the VC has no authority for appointment with the exception under provision of Statute 21 which refers to appointment of only Professor or Reader. But the EC has to be convinced that he is a person of eminence," Kma said. He said the VC avoided the procedure that was required to be followed and this is a serious offence.

The JAC chairman further stated that they are preparing a detailed report on the wrongdoings of the VC and it will be sent to President Droupadi Murmu who is also the Visitor of the university, Governor Phagu Chauhan who is also the Chief Rector of the university, Union Education Minister Dharmendra Pradhan and Chief Minister Conrad K Sangma among others.

"We had earlier submitted a report mentioning the illegal appointment of Prasad. Now with RTI findings, we know how he was appointed through all illegitimate and illegal procedures and by ignoring the procedure laid down by the UCG. In our fresh dossier, we will point out how Prof Shukla as the VC is not discharging his duties as per the rules, acts, statute and ordinance of the university," he said.

The JAC will launch its fresh agitation from November 13 to pressure the VC to remove Prasad. "We will be ready to have a dialogue on the condition that he should first terminate Prasad from this service. Otherwise, we are ready to launch a more aggressive agitation," the JAC chairman added.

The JAC will address a press conference on Wednesday at the Shillong Press Club to give an insight into the ongoing controversy which rallies around Prasad's illegal appointment.
